Sir,

Sub: Grow More Food- Purchase and distribution- additional staf-- quarterly report on the working of Agricultural depots - report for quarter ending 29/2/48.

There were 73 Upper Division Clerks and 232 lower Division clerks in the quarter under report. The ministerial staff employed for the Depots was quite helpful to the Agricultural Demonstrators in the proper maintenance of the accounts, preparation of the various returns connected with the Trading Schemes and the Comprehensive scheme and also enabled them to utilise more of their time in the field for the propaganda demonstrations and other activities in increasing the production of food crops. In districts particularly Nellore, and Madura increase in lower and Upper Division clerks are reported to be very necessary to copy with the increased work involved in the distribution of manures and procurement and disposal of seeds and food bonus schemes.

A statement showing the number of taluk depots with Lower and Upper Divison Clerks employed during the period is attached.
